

NXP to Host RAIN RFID Alliance Meeting Focused on Industry 4.0

June 21, 2018

European event to focus on education, technology and new industry applications that are accelerating UHF RFID growth and adoption

VIENNA, Austria, June 21, 2018 (GLOBE NEWSWIRE) -- NXP Semiconductors N.V. (NASDAQ:NXPI) today announced it is hosting next week's [RAIN RFID Alliance–Europe meeting](#) in Vienna as part of its deep focus on innovative RAIN RFID solutions in the Internet of Things (IoT). NXP's participation in the RAIN Alliance event is an extension of its dedication to furthering the RAIN RFID Alliance mission of enabling businesses and consumers to identify, locate, authenticate, and engage items in our everyday world.

"NXP is committed to delivering cutting-edge RAIN RFID solutions that help customers realize the full potential of Industry 4.0 applications and use cases that are shaping a truly more automated and more productive future," said Ralf Kodritsch, segment manager of RAIN RFID solutions at NXP, former chairman and current board member of the RAIN RFID Alliance. "Working closely with the RAIN Alliance underscores our commitment to the important work the organization is undertaking to further the wide spread adoption of UHF technology in the world of the IoT."

Tuesday, June 26th: Member's only sessions

The event will kick off on Tuesday with opening remarks by the president of the RAIN RFID Alliance [Steve Halliday](#). Tuesday sessions are exclusive to RAIN Alliance members and will include developer, retail and IoT workgroups, plus sessions on smart healthcare products and smart manufacturing.

Wednesday-Thursday, June 27th-28th: RAIN Drives Industry 4.0

Open to members and non-members, Wednesday and Thursday's meetings will include speaker-led sessions on IoT and blockchain, as well as vertical sessions focused on using RAIN RFID in the airline, automotive, sporting and manufacturing industries. The latest in tamper-event RAIN RFID and high-volume tag manufacturing will also be covered. Thursday's meetings will give everyone an opportunity to network with some structured discussions, a panel and speaker sessions.

"The RAIN Alliance has three events annually worldwide to create awareness and understanding of RAIN RFID technology," said Steve Halliday, president of the RAIN RFID Alliance. "The 2018 Europe meeting, hosted by NXP, is focused on how RAIN RFID drives Industry 4.0. There will be excellent speakers from end-users and solution providers, from several industries using RAIN RFID; and great networking opportunities for attendees to meet and discuss the use of the technology."

Register Today to Join NXP and RAIN RFID In Vienna

The RAIN RFID Alliance–Europe meeting will take place at the NH Danube City hotel in Vienna.
