

NXP Semiconductors and Evercore ISI to Present Automotive Battery Management System Teach-In

August 27, 2020

EINDHOVEN, The Netherlands, Aug. 27, 2020 (GLOBE NEWSWIRE) -- NXP Semiconductors N.V. (NASDAQ: NXPI) and Evercore ISI will co-host a conference call for the investor and analyst community to provide an in-depth update and Q&A session on NXP's innovative automotive battery management systems for electric vehicles. The call will take place on Thursday, September 10, 2020 at 10:00 a.m. U.S. Eastern Daylight Time (EDT).

The call will be co-hosted by Jens Hinrichsen, Executive Vice President and GM of the Advanced Analog group at NXP, and C.J. Muse, Senior Managing Director, U.S. Semiconductor Research at Evercore ISI.

Conference Call Registration:

Interested parties are requested to pre-register for the event at <https://primetime.bluejeans.com/a2m/register/dhbawfig> to obtain the conference call dial-in information and a unique access ID.

The call will be recorded and a replay, along with the presentation material will be available for 30-days from the NXP investor relations website.
